Dearest Mother & Daddy:

Well, I am still working hard, and going to school 3 nights a week. It is real hard but I guess my delicate constitution can stand it. It iscold as the devil up here, but we have very warm gas-heated barracks. They are very nice. When did you get home from B'ham. Mother? Why don't you write me for a change? Did you ever call the News for me? I sure would like to see a paper for a change. Write soon.

Love,

Harold
